

Our Blueberries Farm is located in the Fraser Valley, nestled beneath the beautiful Golden Ears Mountains. We have been farming in the Vancouver area for over 21 years, and we are proud to say all of our cranberries and blueberries come from our own farms here in the Lower Mainland.

All of our processes, from washing, drying, packing and freezing the fruit are all done on site. Even our sweet and dried fruit is done in-house.

We strive for excellence and quality in everything we produce.
